An ISO 9001,2015 Certified Company

## PROFILE ( METAL CRAFT )

Rbooa Al Seneya Steel & Aluminium works is an ISO 9001:2015 certified, innovative fabrication company located in the green city of Al-Ain, United Arab Emirates that caters to fabrication services like iron, mild steel, stainless Steel, aluminium and alloy based products for construction and manufacturing sectors.

Our range of projects include fabrication of structural & non-structural works in Wrought iron, Cast iron, Mild Steel, Stainless Steel and Aluminium. We design, manufacture and market a wide range of custom-made bodies for commercial vehicles. Our Product range is not limited to Fuel Tankers, Tippers, Water tankers, Flatbed trailers, Vacuum tankers, Low bed trailers, Tipping semi trailers, Cargo body, Skid, Skip, Towing trolleys / trailers and innovative solutions for customised Transport applications. We fabricate doors, windows, gates, staircase, ladders, fencing, towing trolleys, vessels, pipe lines and all types of fabrication and mechanical jobs for all sectors. We specialize in Plasma / laser cutting of Iron, Steel and Aluminium plates.

Our expertise team of employees execute iron, steel and aluminum works of industrial and commercial infrastructure projects, villas and residential projects as per the national and international standards. Rbooa Al Sanaiya Steel & Aluminium works is a one stop shop for all Iron, Steel and Aluminium works.

The company's leadership comprises highly experienced professionals in the field. Experienced engineers, supervisors, adequate skilled technicians, qualified fabricators & welders with proven track record are engaged in executing sophisticated projects.

Our vast experience, remarkable prompt service and guidance helps our customers to select "the right product / service for right application at competitive rate."

We also undertake repair and rebuilding of all above products. The difference of our workmanship will convince of our quality and commitments. Our factory is set up on the basis and strength of people having vast experience in the field of heavy-duty steel fabrication and commercial truck body-building. All our products, supplies and services are aimed at higher consumer satisfaction, cost effectiveness, and international quality standards. Our products are guaranteed for one year.

We take immense care in selecting our suppliers and their products in terms of quality, consistency, price and their service, which in return helps us to be on the mark of our commitment to our customers.

Kindly send us all your related enquires for any structural / non structural fabrication works in Iron, Steel and Aluminium to receive a prompt and competitive quotation.

We sincerely expect your support and thank you in anticipation.
